EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Jackson on August 4, 2004.

The application has been amended as follows: On page 1, line 12, --, US Patent No. 6,725,692-- is inserted after "2002". On page 10, line 3, "44b" is replaced with -- 44a--. In claim 7, line 1, "plastic" is deleted. In claim 14, line 1, "lock assembly" is deleted.

The terminal disclaimer filed on March 9, 2004 has been approved and recorded.

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach the claimed padlock housing having a substantially rigid body encapsulated within a saw resistant metal shell, the shell formed of hardened steel having a Rockwell hardness of about 30 or greater, and the body formed of a material having a hardness value less than that of the shell, and a shackle free end receiving bore in the top wall, and a key lock cylinder cavity in the bottom wall.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
